Add extra surface space to your formal living room with this elegant antique coffee table, crafted in Italy circa 1850, the cocktail table features two heavily carved vases shape pedestals embellished with handles, and connected with a stretcher decorated with center finial and carved foliage. Rectangular in shape, the grey and white marble top is probably from later addition. Together, the carved wood and the nicely shaped marble top are the perfect combination of antique and modern styles. The trestle coffee table is in excellent condition commensurate with age and use, and adorns a rich silvered finish.
