Add timeless Provençal elegance to your garden or interior with this pair of handmade Anduze planters by La Madeleine. Crafted in southern France using traditional techniques, each vessel is formed in terracotta and finished in a lustrous traditional green glaze. These urn-shaped jardinieres rest on a circular plinth base and feature the iconic Anduze silhouette. Classical garland swags wrap the body in relief, anchored by medallions and decorative bands that evoke 18th-century French garden design. The name La Madeleine à Anduze is impressed into the body, certifying the authenticity and artisanal heritage of the pair.

Measures: 15"Diameter x 16.5"H. Bottom diameter 9.75".
