$3,950

SKU: 251-415A
Stock: N/A
Categories: Vases, Jardinières, Planters & Centerpieces

Add timeless Provençal elegance to your garden or interior with this pair of handmade Anduze planters by La Madeleine. Crafted in southern France using traditional techniques, each vessel is formed in terracotta and finished in a beautifully aged whitewashed patina, subtly weathered with hints of natural terracotta, and soft green accents. These large urn-shaped jardinieres rest on a circular plinth base and feature the iconic Anduze silhouette. Classical garland swags wrap the body in relief, anchored by medallions and decorative bands that evoke 18th-century French garden design. The name La Madeleine à Anduze is impressed into the body, certifying the authenticity and artisanal heritage of the pair. In excellent condition commensurate with age and outdoor use, these sculptural vessels make a refined statement whether flanking an entryway, lining a garden path, or anchoring an indoor orangery. A collectible duo with enduring style and regional charm. Measures: 22.5"Diameter x 27.5"H. Bottom diameter 14.75"
