Decorate a hallway with this elegant pair of sun mirrors. Crafted in France, circa 1960, each wall decor has a central circular mirror, flanked by over 20 pieces of smaller hand cut mirrors of different geometric shapes. The unique star-shaped mirrors are their own work of art and could be placed anywhere in the home. Both pieces are in excellent condition commensurate with age and use, and adorn a rich patinated gilt finish. Measures: 22" diameter.
