Add the charm of the French countryside to your home with this colorful pair of polychrome iron statues from Provence. The expressive figures depict a pair of children standing on round bases. The girl holds a basket with two ducks at her feet, while the boy in shorts is looking on. While very heavy, these garden statues should be kept inside or outside under cover, to avoid any long turn rusting. Both pieces are in excellent condition with rich colors and an old painted finish. Measures: Boy 19" W x 11" D x 38" H. Girl 18" W x 16" D x 37" H. SKU: 53-476
