Add an elegant focal point to your study or library with this antique Spanish carved console. Carved in Spain circa 1750 and built of solid walnut wood, the trestle table stands on two intricate carved legs with scroll motifs. The desk is dressed with three hand carved drawers, embellished with wheat and leaf decor; the facade is further embellished with geometric motifs between the drawers. The thick top surface is made with one single plank of fruitwood timber. The long and narrow console table is in excellent condition commensurate with age and use, and adorns a rich walnut patina and wonderful carvings throughout; versatile, it could also be used against a wall, or behind a sofa. Original locks, escutcheons and one key included. Measures: 73" W x 25.5" D x 34" H.
