Crafted in Spain circa 1780, and built of walnut wood, the antique occasional table stands on thick carved spool turned legs ending with bun feet, and embellished with a bottom stretcher. The side table features a hand carved drawer across the front decorated with geometric motifs and dressed with a key over a forged escutcheon. The thick rectangular surface is made of one single plank of solid walnut. The Renaissance style table is in excellent condition commensurate with age and use, and adorns a warm and rich walnut patina. Versatile, the small Renaissance style table could be used next to chair, or as a bedside table in a bedroom. A wonderful addition for an old world look! Measures: 31.25" W x 19.25" D x 28" H.
