

19TH CENTURY ENGLISH VICTORIAN COPPER AND BRASS COAL BUCKET

\$725

SKU: 211-156 **Stock:** N/A

Categories: <u>Trunks, Safes, & Decorative Boxes, Vases, Jardinières, Planters & Centerpieces</u>

This antique coal scuttle was created in England, circa 1880. Built of copper with a brass and turned walnut handle, the oblong bucket stands on a round base. The versatile decorative box is in excellent condition; it could be use next to a fireplace to store wood burning logs, as a fancy waste basket, or as a planter jardinière. Measures: $16" \text{ W} \times 12" \text{ D} \times 11.5"$ H.
