Use this decorative antique wash tub as a jardinière or a drink cooler! Crafted in France, circa 1880, the oval shaped baby bathtub features two sturdy metal grips on either side and roll edges around the rim. The solid tub is in good condition commensurate with age and use, and adorns a wonderful patinated zinc finish. The piece could be use as a decorative planter in a backyard, or use to chill beer and wine for your next party! One small blemish part to the rim causing a small hole. See detailed photos. Measures: 32.5" W x 27.25" D x 20.5" H.
