Decorate a study or office with this elegant floor fixture. Crafted in southern France, circa 1860, the candelabra lamp stands on a tripod base ending with three feet. The twisted stem is topped with five curved arms, all of them with electrification. Each light is dressed with the original red candle sleeve cover. The floor lamp is further equipped with a on and off foot switch for easy use. The Gothic style fixture is in excellent condition commensurate with age and use, and adorns a rich black patinated finish. Use it next to your favorite chair to read the paper or a book.
