Place this unique antique fireplace tool set next to your mantel. Hand forged in southwest France circa 1870 in Gothic style, the "Serviteur" sits on three curved legs the end with a decorative twist, with one straight leg that makes it easy to push up against a fireplace. The set includes four tools with heavy bronze handles including a shovel, tongs and broom in excellent condition. The free standing pedestal is dressed at the top with a round bronze pediment which matches the handles of the pieces. The tall elegant fireplace essential is in excellent condition commensurate with age and use, and adorns a rich patinated black finish.

Measure: 8" D, 14" W, 41" H.
