Add rustic French charm to your space with this antique iron wall bell, crafted in France circa 1880. The decorative bracket features ornate scrollwork and floral detailing, supporting a cast iron bell surmounted by a finely modeled rooster finial. The rooster retains remnants of its original hand-painted finish, now softened by time and exposure. The bell produces a clear, resonant tone when rung by its original chain, which brings the total height to 35 inches. Whether used functionally or as a decorative accent, it reflects the rural craftsmanship and practical elegance typical of 19th-century French farmsteads. Measuring 9 inches wide by 13.5 inches deep and 25.25 inches high (excluding chain), this antique wall bell is in excellent condition commensurate with age and use. Perfect beside a garden door, kitchen entry, or as a whimsical accent in a country-inspired interior.
