Crafted in France circa 1860, this antique Louis Philippe side table offers clean lines and timeless simplicity, making it a versatile accent for a bedroom or living space. Built of solid walnut, the rectangular top showcases a beautifully worn surface with rich patina, visible grain, and scattered character marks that speak to its age and authentic use. The table features a single drawer fitted with a small round knob, opening to reveal traditional dovetail construction. The piece stands on four straight, tapered legs, reinforcing its understated and practical design typical of the Louis Philippe period.

This antique bedside table is in excellent condition commensurate with age and use, and adorns a warm, time-softened walnut finish throughout. Ideal next to a bed, between chairs, or as a small writing or utility table, it brings understated French elegance to any interior.
