This elegant antique console was created in France, circa 1870. The grey painted table sits on four carved and tapered legs over a carved apron embellished with floral medallions on each corner. The console has three drawers across the front, and the top with recessed edge decor, has a faux marble top in the grey and white palette. The tall and narrow console table is in excellent condition with a rich textured and patinated hand painted finish; the versatile piece could be place in an entry way, a hallway, or behind a sofa. Key included. Measures: 52.5" W x 19.5" D x 34" H.
