Elevate your interior with this elegant antique pedestal column. Crafted in France circa 1880, the stately stand is composed of richly veined rouge griotte marble in deep burgundy tones with white veining throughout, giving it a timeless classical allure. The cylindrical shaft is flanked by an ornate gilt bronze capital and base, each cast with acanthus leaf and foliate motifs in the Neoclassical style. The square plinth base and the square top surface, also in matching marble, provide sturdy support and a luxurious presentation platform for sculpture, urn, or bust. With its harmonious proportions and refined materials, this pedestal offers a sophisticated way to highlight your favorite decorative object. The piece is in excellent condition commensurate with age and use, and adorns a beautifully aged patina to the bronze and only minor surface wear to the marble. Ideal for an entryway, salon, or library where classical refinement is desired Measures: 11".5W x 11.5"D x 45.5"H.
