This exquisite, antique gueridon table was crafted in Paris, France, circa 1870. The intricate iron base sits on three paw feet embellished with acanthus leaf motifs over a carved and fluted stem. The classic bistro base is dressed with a square, oak top embellished with geometric, star-shaped parquet motifs. The elegant pedestal table is in excellent condition and adorns a rich walnut patinated top with a black and silver polished metal base. Place this table on a covered patio or in a garden room for a touch of French flair, or use it in kitchen nook.
