Each scene is framed within a circular medallion bordered by traditional corner flourishes. Crafted in the time-honored faïence tradition, these tiles showcase delicate brushwork and soft tonal shading characteristic of genuine Delftware. Each tile is fitted with metal hooks for easy wall display. In Excellent condition with minor wear consistent with age, this decorative set of faience offers a timeless accent for kitchens, hallways, or even a powder room. Stands not included. The larger three measure: 6" W x 6" H. The smaller two measure: 5" W x 5" H
