Decorate a den or living room with this elegant antique coffee table. Created in Spain, circa 1850 and richly carved all around, the long table stands on four carved turned legs. The Baroque table features two drawers across the front decorated with hand carved geometric and floral motifs and dressed with the original wooden knobs and matching escutcheons. Both sides and back are also embellished with recessed panels and hand carved floral decor throughout. The 5.5 feet top is dressed with one single plank. The tall Louis XIII style cocktail table is in excellent condition commensurate with age and use, with lots of character, and adorns a rich bleached patinated finish throughout.
