

19TH CENTURY SPANISH WALNUT CONSOLE OR WRITING TABLE ON CARVED TRESTLE BASE

\$11,000

SKU: 252-262

Stock: N/A

Categories: [Consoles](#), [New Arrivals](#)

This impressive antique Spanish table was crafted circa 1880 from solid walnut and features a substantial 3" thick top with softly rounded ends. Its elongated and narrow form, measuring over 8.5 feet in length, makes it ideal as a console, writing table, or narrow dining table. Supported by boldly carved, scrolled ox yoke legs in the Baroque style, the trestle base is joined by a hand-forged iron stretcher with elegant scrolling motifs. Additional forged iron braces at each end enhance both structural integrity and visual impact. The walnut surface retains a warm, rich patina with visible tool marks, age splits, and characterful wear consistent with its antique provenance. A rare and versatile piece offering architectural presence and functional elegance for a hallway, study, or dining space. Excellent condition commensurate with age and use. Dimensions: 105.5" L x 28" W x 31" H
