Crafted in China circa 1970, this elegant vintage porcelain foot bath basin features a traditional oval shape, colorful hand-painted decoration, and a rich gilt finish. Originally inspired by Chinese foot baths, the decorative vessel has been repurposed as a jardinière and rests on a custom-fitted carved wooden stand with a dark reddish-brown finish and small bracket feet.

The large oval basin features gently flared edges and two sculptural gilt handles, one on each side. The exterior is beautifully decorated with an intricate arrangement of colorful flowers, grape clusters, and scrolling foliage in vibrant shades of burgundy, pink, blue, green, and cream, all set against a luminous gold background. Delicate geometric accents further enhance the elaborate floral composition, creating a striking contrast with the metallic finish.

The white glazed interior is embellished with hand-painted goldfish motifs, a traditional Chinese symbol of prosperity and abundance. A gilt border around the upper rim completes the decorative design.

The vintage porcelain jardinière is in excellent condition commensurate with age and use, with subtle wear consistent with its age. The richly decorated basin would make a wonderful centerpiece on a dining table, sideboard, or console, either displayed on its own or filled with a colorful floral arrangement. A charming addition to a traditional interior or an eclectic collection of Asian decorative arts.

Dimensions: 19"W x 12.5"D x 9.25"H (including stand).
