Decorate an atrium with this unique, antique bamboo and tile planter. Crafted in France, circa 1920, the textured, rectangular jardinière is made of a bamboo structure, and features four ceramic tiles around the sides. Each tile is hand painted with classic, colorful floral motifs. The piece is in excellent condition with a rich patinated finish, vivid colors, and could also be used as a decorative dining room center piece.

Measure: 24" W x 16" D x 14.5" H.
