Dress up a wall with this elegant antique oval mirror. Crafted in France circa 1920, the mirror features a richly sculpted frame with intricate floral and foliate motifs in high relief. The carved wooden frame is finished in a luxurious gilt patina with subtle reddish undertones, enhancing its depth and classical charm. The oval glass is original and set within a finely beaded inner border, adding refinement and detail. The overall design reflects the Napoleon III style, with its symmetrical ornamentation and neoclassical flair. This decorative mirror is in excellent condition commensurate with age and use, and would make a striking addition to a powder room, hallway, or over a small console in an entryway. 21"W x 25"H
