Decorate a mantel, dining table, or bedside vignette with this charming pair of French faience candlesticks, crafted in France circa 1980. Each piece is elegantly turned with a baluster-form stem rising from a circular foot, topped with a simple cup designed to hold a taper candle.
The white glazed ceramic surface is hand-decorated with classic blue fleur-de-lys motifs, complemented by delicate scattered accents and a fine blue line encircling the base. The design evokes traditional French provincial taste, blending clean lines with heraldic ornament for a timeless decorative appeal.
The pair is in excellent condition commensurate with age and use, with a smooth glossy finish and crisp decoration throughout. The underside bears French markings including “Fleur de Lys” and “Fait main,” reinforcing its decorative and collectible appeal. These candlesticks would bring a refined French touch to both traditional and transitional interiors.
