Elevate your garden or interior with this elegant handcrafted Anduze-style bowl planter by La Madeleine, produced in southern France and rooted in the long-standing Provençal pottery tradition for which Anduze is renowned. Hand-thrown in terracotta, the planter features the classic wide-rimmed silhouette associated with traditional Anduze forms, including a generous flared lip, rounded bowl form, and stepped footed base. The exterior is richly decorated with raised medallions and sculpted garland swags in bold relief, a hallmark of Anduze design inspired by classical garden ornament. The surface is finished in a softly weathered glaze with warm cream, terracotta, and subtle green undertones, exhibiting natural kiln variations, glaze pooling, and surface wear that create a beautifully aged patina reminiscent of antique gardenware. The interior is impressed with the La Madeleine Anduze mark and retains its original drainage hole, making the piece fully functional for planting. Heavily potted and structurally sound, this planter is well suited for use indoors or outdoors and works equally well flanking an entryway, anchoring a terrace, or adding Provençal character to a sunroom or formal garden. This Anduze planter is in excellent condition commensurate with age and use. Dimensions: 30" diameter x 20.5"H.
