Dress a hearth with this elegant serviteur de cheminée, crafted in France circa 1980 in the refined Louis XVI style. The polished brass ensemble includes five implements: a classic poker, a pair of tongs, a shaped shovel, a natural-bristle broom, and a decorative hook designed for lifting and adjusting fireplace accessories. Each tool features a turned baluster handle topped with a spherical finial, creating a cohesive neoclassical silhouette.

The tools rest on a tall central post fitted with brass brackets, rising from a shaped base enclosed by a pierced Louis XVI-inspired gallery. The warm, gleaming brass finish enhances the architectural lines and gives the piece the presence of an older antique example while offering the durability of a late 20th-century construction. The set is in excellent condition commensurate with age and use and brings both beauty and practicality to any living room, library, or study.

Dimensions: 10.75" W × 8.25" D × 34" H.
