Adorn any study or living space with this oil on canvas painting. Set in the original carved gilt frame and created circa 1960, this piece depicts a typical Paris scene in the late 19th century, with horse-drawn carriages transporting people up and down the lively street. The artwork is signed in the lower left corner by artist D. Richards and is in excellent condition, with rich and vivid colors; the impressionist scene with lots of movement, horse-drawn carriages and people walking, reminds us of the works of Edouard Cortes, Antoine Blanchard or Eugene Galien-Laloue. This beautifully traditional piece would elevate an living room, office, or entryway with an air of sophistication and old world style. Measures: 19.75" W x 23.75" H.
