Decorate a fireplace hearth with this elegant arched screen. Forged in France, circa 1970, the freestanding hand forged screen features three panels with heavy scroll work decor; it is further embellished by a protective metal mesh screen on each panel. The decorative mantel essential is in excellent condition and adorns the original patinated black finish. Measures: 56" W x 29" H (51 inches wide when it is at a slight angle as shown in pictures). 41" W + 2 flaps 7.5" W each.
