Add a touch of charm and character to your interior with this antique-style mid-century French piggy bank, crafted circa 1960. Cast in iron and modeled with a wonderfully realistic form, the stout pig stands confidently on four sturdy legs, its expressive face and rounded body capturing the timeless appeal of this classic form.

The surface is hand painted in a soft beige tone with a rubbed, timeworn patina, accented by darker details at the hooves, snout, and eyes. A coin slot runs along the top, while a side screw allows access to the interior, making the piece both functional and decorative.

Compact in scale yet full of personality, this charming animal sculpture is ideal for a kitchen counter, bookshelf, or child's room, bringing a playful yet rustic French touch to any space.

The piece is in excellent condition commensurate with age and use, with minor surface wear that enhances its authentic patinated finish.
