Crafted in Malaysia circa 1960, the large ceramic elephant-shape seating is a vibrant piece of mid-century decorative art. Crafted from green ceramic, it features a finely detailed elephant adorned with intricate yellow and white hand-painted patterns. The elephant's back is flat, designed to function as a small table or plant stand, blending both practicality and style. The lively colors and exotic motif reflect the global influences popular in mid-20th-century design. This stool adds a whimsical touch to any room, serving as a unique accent piece that combines playful design with functional use, making it a delightful addition to eclectic or bohemian interiors. This unique porcelain figure is in excellent condition commensurate with age and use, and would make a beautiful addition in any living room as a martini table, or used as extra seating on an outside patio. Weight 53 pounds. Measures: 23.5"W x 10"D x 23"H.
