Add a beautiful shine to your home with this large eye-catching sun mirror. Hand carved in France circa 1970, the sunburst frame radiates with bold, stylized sun rays, rendered in gilded wood, giving the piece a luxurious and eye-catching presence. The convex mirror at the center enhances the decorative appeal, creating a slightly distorted reflection that adds depth to the design. The wall decor is in excellent condition and adorns a rich rubbed patinated gilt finish. The sunburst mirror became popular during the mid-20th century, although it was originally inspired by Louis XIV, the "Sun King" of France; it is often seen as a symbol of grandeur and elegance, making it a perfect statement piece for any room. Versatile, it can complement both traditional and modern interiors, acting as a focal point due to its radiant and dynamic form. Measure: 31.5" diameter
