With its impressive six-foot length and streamlined industrial design, this vintage French wall rack combines practical storage with mid-century character. Crafted in France circa 1950, the metal rack features a polished chrome finish, a long horizontal bar, and eleven evenly spaced curved hooks designed for hanging pots, pans, kitchen utensils, or game.

The minimalist structure is supported by gracefully curved arms at each end, terminating in rectangular mounting plates with screw holes for secure wall installation. Its clean lines and polished silver finish make it equally suitable for a country kitchen, hunting lodge, or contemporary interior.

The vintage rack is in excellent condition commensurate with age and use, retaining its lustrous chrome finish with minor surface wear. Both functional and decorative, this oversized kitchen accessory offers generous hanging space while adding architectural interest to a wall.

Dimensions: 72.5” W x 10.75” D x 4.75” H.
