Decorate a living room with this elegant neoclassical antique two-tier guéridon table. Created in France circa 1970, and round in shape, the table is supported by three slender cabriole legs with hoof feet decorated with acanthus leaf motifs, and ending with coasters. The bottom is further embellished with a tripod stretcher dressed with a central finial. The surface is dressed with an inset circular black quartz marble top; the table is further embellished with a median shelf also dressed with an inset black granite top. The Directoire style side table is in excellent condition commensurate with age and use, and adorns a rich patinated gilt bronze finish. With its beautifully contrasting colors and graceful lines, the brass and bronze guéridon will bring a stylish touch to any decor, whether placed in a traditional, transitional or modern setting.
