Decorate a hearth with this elegant hand-forged iron serviteur de cheminée crafted in France, circa 1960. The five-piece fireplace companion set includes a stand, poker, shovel, tongs, and brush, all suspended from a sculptural circular crown. The central stem is accented with twisted iron detailing, while each tool features subtle spiral shafts and hand-shaped hooks, reflecting traditional blacksmith craftsmanship. The tripod base terminates in gently scrolled feet, giving the ensemble stability and visual balance while maintaining a refined silhouette. The matte black forged finish highlights the artisanal hammer marks and organic texture of the iron. Both decorative and functional, this vintage French Gothic fireplace serviteur is in excellent condition commensurate with age and use and would complement interiors ranging from rustic farmhouse to transitional or modern spaces.
