Illuminate a dining room, breakfast area, or entry with this elegant antique French chandelier crafted in the Louis XVI style. Created circa 1950, the fixture is designed in a classic basket form, richly carved with floral garlands and foliate motifs, rising from a tapered woven base and finished with a turned finial. The composition reflects the symmetry and neoclassical refinement associated with Louis XVI design.

Six gracefully scrolled metal arms extend from the basket, each dressed with petal-form bobeches and candle-style sockets, creating a balanced and airy silhouette. The chandelier is suspended from twisted supports and topped with a carved crown element, adding vertical movement and visual interest.

The giltwood surface features a warm, time-softened patina with subtle variations that highlight the depth of the carving. Newly wired to US standards, the chandelier is ready for installation and would make a striking focal point in a variety of interiors from traditional to eclectic.

The antique fixture is in excellent condition commensurate with age and use.

Dimensions: 28" Diameter x 31.5"H.
