Invite the warmth and simplicity of French country living into your home with this set of six French Provincial ladder back chairs. Crafted in Normandy France circa 1960, each chair features a solid oak frame with gently arched ladder-back slats and square front legs joined by straight stretchers. The design emphasizes functionality and comfort, while subtle curves in the crest rail and apron lend a touch of provincial elegance. The handwoven rush seats are arranged in a traditional chevron pattern, offering natural texture and enduring comfort. In excellent condition commensurate with age and use, these sturdy chairs showcase a honey-toned patina that highlights the beauty of the oak grain. A classic choice for a farmhouse dining table, breakfast nook, or country kitchen, these chairs blend effortlessly with both rustic and traditional interiors. 18.25"W x 16.5"D x 40"H
