This large-scale mid-century French wine chiller dates to circa 1960 and is crafted in silver plate with bold repoussé grape and vine motifs wrapping the body. The generously sized bowl is designed to hold multiple bottles or a substantial ice presentation, making it both functional and visually impactful. The exterior is richly worked with raised clusters of grapes and textured leaves, creating strong relief and depth against the softly reflective silver-plated surface. The interior retains a smooth finish with visible surface wear consistent with age and use, while the exterior shows a warm, naturally developed patina that enhances the sculptural quality of the repoussé decoration. The chiller rests on a stepped pedestal base that provides stability and elevates the form for tabletop or buffet use. Well suited for entertaining, this French mid-century piece works perfectly as a wine or champagne chiller, and also functions as a decorative centerpiece or statement bowl for a dining table, bar, or console. Its scale and classic grape motif make it especially appealing for wine cellars and formal entertaining spaces. The chiller is in excellent condition commensurate with age and use. Dimensions: 21.5" diameter x 12.5"H
