Add surface space in your bedroom with this elegant pair of antique nightstands. Crafted in France circa 1870, each fruitwood cabinet stands on turned bun feet over a plinth base; each traditional piece with clean lines features a single drawer decorated with a brass handle, over a cabinet door with raised panel, also embellished with a brass handle, and opening to middle interior shelf for ultimate storage. The surface is dressed with an inset two-tone grey marble top, over a raised backplash with demilune shelf, which is completely removable if needed. The tall Louis Philippe bedside tables are in excellent condition commensurate with age and use, and adorn a rich walnut patina. Decorate a master bedroom or guest room with this true pair of nightstands, one opening to the right, the other to the left! Measures: 19.5" W x 14" D x 56" H.
