Add the perfect amount of light to your living room, dining room or bedroom with this elegant and large pair of antique wood sconces; crafted in France circa 1860, each light fixture has two metal arms decorated with floral and acanthus leaf motifs. The sconces feature the traditional Louis XVI ribbon bow at the top, a carved eagle with arrows at the center, and hanging wooden tassels at the bottom. Both wall lights have been rewired and dressed with candle sleeve covers. The tall fixtures are in excellent condition with a rich patinated gilt finish, and could also be used in a powder room flanking a mirror on both sides.
