Crafted in France circa 1880 in the neoclassical style, the antique planters have a stately, elegant style. Each round vase stands on a circular base over foot, and features a flared rim with egg-dart molding, and dual scrolled foliate handles over a gadrooned body. Both heavy garden urns are in excellent condition and adorn a rich polished steel finish; they could be used inside on a buffet or would make an elegant statement or on either side of a front door, on a patio, or around a swimming pool. Large drainage hole in the center. Weights 25 pounds each! Measures: 17.5"W x 14"D x 15.5"H
