Decorate a living room, entry or den with this beautiful pair of antique gilt wood gueridons. Crafted in France circa 1860, each table stands on tripod legs decorated with female figures at the shoulders, and ending with tapered feet over a bottom stretcher embellished with an elegant carved urn wrapped in swag ribbons. The surface is dressed with a circular inset beige marble top over a carved apron embellished with floral motifs. The Napoleon III style side tables are in excellent condition commensurate with age and use, and adorn a rich gilt finish. Measures: 19.25" Diameter
