Add a touch of Gothic elegance to your interior with this refined pair of antique French wall sconces. Crafted circa 1880, each hand-forged iron fixture features graceful scrollwork and two candle-style lights newly wired for modern use. The design is richly adorned with gilt Fleur-de-Lys motifs, emblematic of French royalty, that highlight the central crest and finials, lending a regal accent to the dark iron frame. The sconces retain their original forged texture and a warm, aged patina enhanced by traces of gold leaf. Suspended from decorative iron chains, they exude authenticity and timeless character. Both pieces are in excellent condition commensurate with age and use, ready for installation. Ideal for an entryway, dining room, or library, these antique sconces bring historical French charm and balanced craftsmanship to any setting. Measurements: 17" W x 8" D x 22" H (with chain).
