Add surface space in your bedroom with this elegant pair of antique nightstands, crafted in Italy circa 1870. Each piece is made from richly grained walnut, featuring a warm patina. The rectangular tops are crowned with luxurious gray marble, finished with softly rounded edges. Below, a single drawer with an ornate bronze escutcheon offers convenient storage, while a paneled door, also fitted with decorative bronze hardware, opens to reveal a spacious compartment. The cabinets are raised on classic bun feet, providing a sturdy and traditional foundation. Molded paneling and fine carved details add to their understated sophistication. Decorate a master bedroom or guest room with this true pair of nightstands, one opening to the right, the other to the left! The pair remains in excellent condition commensurate with age and use, showcasing beautiful wood figuring and careful craftsmanship. Versatile and timeless, these nightstands would complement both classic and transitional interiors with authentic vintage charm. Two small chips on one of the marble tops (see detailed images).
