Decorate a mantel or a console with this pair of tall figurine candle holders. Crafted in Italy circa 1880 and made of bronze, each candlestick stands on an integral base with curved feet decorated with leaf motif over a scalloped apron. Each statue depicts a male and female couple dressed in neoclassical clothing and holding a bucket (candle holder) over their head. Both large candelabras are in excellent condition commensurate with age and use, and adorn a rich patinated two-tone bronze finish. 11"W x 11"D x 30.5"H.
