Categories: [Sconces](#)

These elegant antique wall lights were crafted in France, circa 1920. Each feminine sconce has five wired arms dressed with decorative candle sleeve covers, and features pink and yellow flowers in very muted, neutral tones. The fixtures are embellished with metal branch and leaf decor, and the wall mount is designed to look like a stack of wide leaves. The colorful wall lights are in excellent condition commensurate with age and use, and adorn with a rich patinated gilt painted finish. Place these whimsical sconces on either side of a mirror in a powder room, or in an entry. Measures: 20.5" W x 14" D x 12" H.
