These elegant rock crystal obelisks were crafted in Brazil, each tall piece is raised on a stepped square base and features exquisite craftsmanship with a tapered and pointed stem. Both pieces are in excellent condition with a rich patinated finish. Place these obelisks on a console or a mantel. Obelisks became popular in France during the Empire period due to the exploration and conquest of Egypt by Napoleon during this time. Measures: 4" W x 4" D x 20.25" H.
