Categories: [Fireplace Decor](#)

Decorate a fireplace with this three-piece set antique wrought iron andirons. Crafted in France, circa 1860, the fireplace tools were expertly forged and feature a design which includes scrolls on the base and the main stem, and a twisted bar connecting the andirons together. The Gothic style fireplace accessories are in excellent condition and adorn a rich old black painted finish; they are further embellished with decorative twisted finials. Place these mantel essentials in the living room or den for a stylish old world look. Set up as the pictures Measures: 52.5" W x 26.5" D x 36.25" H.
