Decorate a shelf or console table with this elegant pair of antique Delft vases. Crafted in Holland circa 1920, both vases with wide mouth feature a scalloped rim at the top over a long neck and round shape bottom. Each vessel is hand painted in the traditional soft blue and white delft palette; the center medallions are decorated with sailboat on water and windmill motifs, and embellished with floral and foliage decor throughout. The porcelain pieces are in excellent condition commensurate with age and use, and adorn soft hand painted colors; they are stamped "Delft" on the underside for further authenticity and provenance. Measures: 13.25" H.
