Decorate a backyard or garden with this large pair of heavy crane statues! Hand crafted in Normandy, France circa 1920, and built of concrete, the tall birds stand on a rectangle stone-like base with real sea shells molded into the base. The body of the cranes are supported with two straight legs attached to the base. The important sculptures are in excellent condition commensurate with age and use, and adorn a wonderful weathered and patinated painted finish throughout; it is primarily white, with black plumage, a orange beak and gray base. The colorful stone garden birds will make a lovely addition to a patio, courtyard, or around a swimming pool! Each bird weight 86 pounds! Measures: 41.5"W x 14"D x 51.5"H
