Carved of stone in France circa 2000 and set on a rectangular integral base, the vintage feline statues are seated on their back legs while holding a Fleur-de-Lys shield with one paw. The Westcott felines have wonderful expression with long hair and thick paws. Both heraldic lion sculptures are in excellent condition and adorn a weathered patinated finish with evidence of outdoor use; they could be used on either side of a front or back door. Each garden cat weighs 72 pounds! Measures: 8" W x 16" D x 22" H.
