Bring a touch of elegance and glamour to your dining table or home bar with this sophisticated set of six vintage French wine goblets. Crafted in France circa 1970 by ARC, each decorative goblet features a classic stemmed silhouette enhanced by a brilliant metallic gold finish. The sleek design combines traditional wine glass proportions with the luxurious appeal of polished gold, making this set a wonderful addition to any entertaining collection.

Each goblet features a generously proportioned, elongated oval bowl with a gently tapered opening, supported by a slender, graceful stem resting on a circular footed base. The smooth, highly reflective gold surface creates a beautiful mirror-like effect, catching and reflecting surrounding light. The warm golden tones and clean, minimalist lines give the glasses a refined Mid-Century Modern appeal.

Each piece is stamped "ARC France" underneath, identifying the renowned French glassware manufacturer based in Arques, France. The vintage goblets are in excellent condition commensurate with age and use, retaining their brilliant gold finish and elegant appearance.

Perfect for serving wine during dinner parties, holiday gatherings, or special celebrations, these distinctive French goblets would also make an attractive display on a bar cart, buffet, or open shelving. Their timeless design complements both traditional and contemporary interiors, adding a luxurious finishing touch to any occasion.
